Datal Electronics neither condones or authorizes the use of its products for the reproduction of copyrighted material. The back up facilities of this product are designed to reproduce only software such as public domain material, software own programs or software where permission to make a back up has been clearly given. It is illegal to make copies of the front own use of copyright material without the expressed permission of the copyright owner or their licensee.

A red spiral-bound notebook is shown from a top-down perspective. The notebook is closed, and its cover is a vibrant red color with a fine, pebbled texture. A central rectangular label is embossed into the cover, containing the words "ACTION REPLAY" in a bold, black, serif font. The spiral binding, made of a dark metal, is visible along the left edge. At the top of the notebook, two dark, cylindrical objects, possibly pens or pencils, are tucked into the top edge. The background is a solid, light blue color.
