## A Light Pen For The VIC-20® And The C-64 Computers

The CARDRITER/1 is a switch controlled light pen designed for use with the VIC-20® and C-64. It includes six software programs:

Three excellent programs explaining how a light pen works, and how to use it with the VIC-20®.

Examples of how to use a light pen for menu selection or multiple choice testing in education.

A screen map for the 8000+ points that can be read by the light pen.

TIC-TAC-TOE you against your VIC-20® VIC shows no mercy.

AND MORE.

### OUR GUARANTEE

For as long as this product is owned by its original owner, CARDCO, Inc. will repair or replace any defective parts or the entire unit if it should become inoperative due to a defect in manufacture or materials, providing the unit is returned to CARDCO, Inc. in undamaged condition with proof of purchase (purchase receipt).
