PLAY, LISTEN & LEARN

The COLORTONE™ KEYBOARD No Fault Music System™ will lead you into a new world of musical enjoyment and education. It's a world where you can play wonderful music the first time you try. And where your musical abilities will increase as you play. Here is a computerized music system that makes it possible to learn about music and have fun at the same time.

FUN AND EASY FOR CHILDREN 8 TO 80

One Touch Operation—just push a button to:

- choose from 8 instruments, including drums, organ and guitar
- select one of 12 pre-programmed songs, from classical to Technopop
- lock in one of 12 musical scales so you can play "no-fault" music, never hitting a sour note
- choose the play-along setting and make your own music
- play back the music you created a moment ago, or a month ago

SOFTWARE BY: G. Christopher Grigg
Thomas A.C. Weiser
David Martin Jr.

MUSIC COMPOSED BY: Harry Likas
Thomas A.C. Weiser

A NEW KIND OF MUSICAL EDUCATION

Learn By Doing—Every time you play you'll not only have a great time, you'll develop greater musical competence. And confidence. Effortlessly, you'll:

- become more comfortable with performing music
- develop a sense of rhythm
- train your musical ear
- get an introduction to reading musical notation
- learn the notes on a piano keyboard
- begin to understand, recognize and learn musical scales
- learn more about computers at the same time

MAKING MUSIC PLAY

Colorful Screen Display—Musical notes appear on the screen as you play them. Plus helpful hints and colorful, easy to understand symbols. (Commodore 64 version, others may vary)

THERE'S NO LIMIT TO WHAT YOU CAN DO

Avoid A Costly Mistake—With the COLORTONE KEYBOARD you can make sure you or your child has a genuine musical interest and aptitude before investing in expensive instruments and lessons.

Works with Waveform's MusiCalc™ software—Waveform's complete line of computerized music products makes it possible for the COLORTONE KEYBOARD to expand along with your musical ability. As you become a better musician, they will help you achieve more and more sophisticated musical effects.

Part of the growing family of computerized musical products from Waveform.
