Made In China

NOTE: This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does not cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult a dealer or an experienced radio TV technician for help.

Shielded cables must be used with this unit to ensure compliance with the Class B FCC limits.

WARNING:

- Never mix old and new batteries.
- Never mix alkaline, standard (carbon-zinc) and rechargeable (nickel-cadmium) batteries.
- Rechargeable batteries are not recommended.
- Do not dispose of batteries in fire. Batteries may leak and explode.

REQUIRES: 4 "AA" Alkaline batteries (not included).
Make sure an adult installs the batteries.

This device complies with Part 15 of the FCC Rules.

- Operation is subject to the following two conditions:
 - 1) this device may not cause harmful interference and
 - 2) this device must accept any interference received, including interference that may cause undesirable operation.
- Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
